

Your Pet Insurance Benefit

Health Benefits of Boise, LLC is excited to offer pet insurance for your dog or cat!

What is Pet Insurance?

Pet insurance is health insurance for dogs and cats. It reimburses you for costly veterinary bills allowing you to focus more on the health of your pets and less on how you're going to pay for it. Since pet insurance is done on a reimbursement basis, there's no provider network, meaning you can go to any licensed vet of your choice.

"Every 6 seconds, a pet owner is faced with a vet bill of more than \$3,000."**

What Does It Cover?

1. Pet insurance allows you to **make decisions** about your pet's health **without worrying** about the cost of treatment.
2. Pet insurance **alleviates** some of the **financial burden** of owning a pet allowing you to take better care of your pets.
3. Pet insurance **gives you peace-of-mind** knowing you can meet your pet's healthcare needs.

PetPartners Plans

PetPartners' policies are customizable. You can choose your own coverage and own limits to create a plan that fits your individual needs and budget. First, select a base plan: accident or accident & illness. Then choose to add endorsements to increase your coverage. Pick your deductible and coverage limits to create your personalized plan! See our Plan Comparison chart for more details about our coverage options.
